

## **Statements by director candidates**

Peter Thompson

*I have been a director of the Bristol Energy Coop for three years, and have enjoyed the opportunity to make a significant contribution to its development and progress. While shifts in government policy will make the next few years more challenging for us, I look forward to working with my fellow directors and our staff and volunteers to surmount these difficulties to make the Coop an even greater success.*

Eric Booth

*I have been serving as a Director for a number of years, and look forward to continuing to help BEC meet the challenges of moving to the next stage. I have a background in environmental organisations and have served on the boards of a range of local and national voluntary sector organisations.*
